

Gaurav Kshirsagar

Pune, Maharashtra, India +91-7447321292 | gauravmanojkshirsagar333@gmail.com | [GitHub](#) | [LinkedIn](#)

Professional Summary

Motivated Computer Science Engineer with hands-on experience in Java, Spring Boot, and modern frontend technologies including JavaScript and React. Skilled in developing full-stack applications using REST APIs, JSON, and MySQL, with a strong understanding of layered architecture and component-based UI design. Passionate about building scalable and user-friendly applications, and seeking an entry-level Software Engineer or Full Stack Developer role.

Technical Skills

- **Programming:** Java 17, JavaScript, SQL
- **Frontend:** React.js, HTML
- **Frameworks:** Spring Boot, Spring MVC, Hibernate ORM
- **Backend:** JDBC, REST APIs, JSON, Layered Architecture (Controller–Service–DAO)
- **Database:** MySQL
- **Tools:** Git, GitHub, Eclipse IDE, Postman, SQL Workbench, VS Code
- **Core Concepts:** OOP, Collections, Exception Handling, Multithreading, DOM, Virtual DOM

Projects

Inventory Management System (Spring Boot + REST API)

[GitHub](#)

Technologies: Java, Spring Boot, Hibernate ORM, REST API, MySQL

- Developed a backend system for inventory management using Spring Boot and Hibernate ORM.
- Designed and implemented RESTful APIs for CRUD operations with JSON-based request and response handling.
- Integrated MySQL database and optimized queries for efficient data retrieval and performance.

Employee Management System (Spring MVC Web Application)

[GitHub](#)

Technologies: Java, Spring MVC, JSP, MySQL

- Built a web-based application using Spring MVC architecture with JSP-based frontend.
- Implemented full CRUD functionality and integrated MySQL database for persistent data storage.

Employee CRUD Application (React + REST API)

Technologies: React.js, JavaScript, Axios, REST API

- Developed a dynamic CRUD application using React functional components and hooks (useState, useEffect).
- Implemented add, update, delete, and view operations with REST API integration using Axios.
- Managed component state and ensured real-time UI updates with efficient data flow between components.

Training

Java Full Stack Development Training

Oct 2025 – May 2026

The Kiran Academy, Pune

- Gained hands-on experience in building full-stack applications using Spring Boot, REST APIs, Hibernate ORM, and MySQL.
- Worked on real-world projects under mentor guidance with focus on backend development and API integration.
- Developed frontend applications using JavaScript and React (components, hooks, state management).
- Built understanding of end-to-end application development and frontend-backend integration.

Education

Bachelor of Engineering – Computer Science and Engineering

2022 – 2026

Sant Gadge Baba Amravati University (SGBAU)

CGPA : 7.21

Key Strengths

- Strong understanding of backend and frontend integration.
- Effective debugging and problem-solving skills.
- Ability to quickly learn and adapt to new technologies.

Certifications

- Core Java Programming – EduPyramids (IIT Bombay)
- Database Management System – NPTEL
- Design and Analysis of Algorithms – NPTEL
- Python Programming – IIT Bombay Spoken Tutorial
- PHP & MySQL – IIT Bombay Spoken Tutorial
